Who teaches this course?

Kobus Scheepers

A richly experienced project manager across the US, UK and South Africa, Kobus has managed global projects. An early career as a barrister and subsequent retraining in the IT sector has helped shape Kobus into an engaging communicator with much to offer those he trains. Familiarity with the challenges of institutional and large corporate projects adds a useful perspective to public and corporate delegates.

Just see what our students say

The trainer has the knowledge and delivers in a lively way, given that PRINCE2 is otherwise a quite mundane methodology. I liked the humour added.

Why choose Knowledge Train?

Obsessed with project management

Since 2005, we have focussed on one subject: project management. Not many other providers can say that. In fact, many of them offer courses in seemingly everything. Our director is an experienced project manager with years in the field. And so are all of our trainers. You can feel confident that you will be taught by an expert with a passion for project management.

Customer service, not sales

We know sales teams are annoying. So we don't use this approach. No telemarketing. No cold calls. No pestering. And no passing the call around like a disease. Call or email us and get through to a helpful person who knows our courses inside out. We are a small team who get to know our customers well. Have confidence we will help you.

High exam results, year after year

Need more proof that we offer great courses? Look no further than our exam success statistics. Since 2012, we have achieved above average exam success rates for our PRINCE2 courses. A huge 99% of students pass the PRINCE2 Foundation and 83% pass the PRINCE2 Practitioner. Not booking PRINCE2? Our MSP, Agile and PRINCE2 Agile exam pass rates are all well above 83%.

Bold & brilliant course materials

Black and white course materials on plain A4 paper just doesn't scream 'quality' to us. So we have created perhaps the most colourful and helpful course materials out there. Students praise the course guides and eBooks designed in-house by our own graphic designer. Pre-course study is concise and effective. Just 3-4 hours of online study before you attend. That's all.

Training, not lecturing

When training we like to encourage discussion. No dull lectures. No lengthy PowerPoint presentations. The atmosphere on our courses is light-hearted. Students even miss the vibe when they leave. Our absolute maximum class size is just 16 people. Some providers cram in as many as 30 to a room. Again. We are experienced in providing courses. We know a smaller class is much, much better.

In the heart of the city

Spacious. Bright. With working facilities. And a decent cup of tea or coffee. This is the type of venue we offer our students. You deserve a proper classroom to learn in. All of our London courses are conveniently located within walking distance of Barbican station. And rest assured that our Birmingham and Manchester venues are also right in the heart of the city.

No corporate greed

All businesses have an aim to make money. And in that respect we are no different from the others. But. Our terms and conditions have not been created to scam you out of your money. We won't keep your money in the event of course cancellation. Some training providers will. If we have to cancel your course you will be entitled to get a refund or move your date.

Courses to suit modern life

We know our students lead busy lives. So we offer courses on weekdays, at the weekend or online. Some courses are run every single week or month. There are a wide variety of dates to choose from. Feel confident that you will find a course to fit in with your schedule. No matter how busy you are.

Finally, read our genuine reviews

Check out our [Google Places page](#) and our website to see what past students really think about us. We don't use third party review websites like some companies out there. They often manipulate those reviews in their favour. And they delete the negative ones.

We have nothing to hide. Have a look around the website. Call us. Email us. Ask us anything.

★★★★★ Brilliant week, enjoyed it thoroughly. Tutor was excellent, learnt a hell of a lot and he had a great sense of humour which mean I found myself smiling throughout :D I passed both the Foundation and the Practitioner and wouldn't have done it without Kobus (our tutor). Location is great, friendly environment and class size is great - about 16 of us I think. Highly recommended! Plus it was the cheapest 'classroom' course I could find in London!
